URBAN CIRCUS LAB

TRAINING COURSE

**22ND - 29TH SEPTEMBER 2023
HUESCA, SPAIN**

ABOUT THE PROJECT

URBAN CIRCUS LAB is an initiative born from the growing links between the different organisations that are associated in the project, giving rise to a Training Course that will take place in September 2023 in Huesca, Spain.

The activities will be carried out in Centro Cívico Santiago Escartín Otín, where 17 people from Germany, Italy, France and Spain, brought together by the tool of circus, participating during 8 days.

The main objective of this project is to increase the knowledge of circus among people who works with young by exchanging knowledge and establishing values to generate a culture in the region and in their original places.

At the same time, we want to promote the powerful tool that is the circus and actively collaborate with the Huesca fair.

PARTICIPANTS

The project is oriented to professionals and youth workers (no age limited) who are related to organisations from different countries and practicing different circus tools or disciplines. The aim is not only to develop physical skills but also creativity and diverse social skills such as communication, empathy and cooperation. The activities will be based on the methods of non-formal education, mainly focus in dramaturgy, clown, social circus and inclusion.

ACTIVITIES

The main activities will consist of a functional diversity workshop in the circus, social circus, clown and circus dramaturgy. The program is about to close but we can estimate the following:

Day 22 - Arrival day
Day 23 - Jester Workshop, Functional Diversity Workshop
Day 24 - Jester Workshop
Day 25 - Clown Workshop
Day 26 - Circus Dramaturgy Workshop
Day 27 - Circus Dramaturgy Workshop, Social Circus Workshop
Day 28 - Circus Dramaturgy Workshop
Day 29 - Departure day

LIVE IN THE ARTISTIC RESIDENCE OF BEULAS IN NATURE

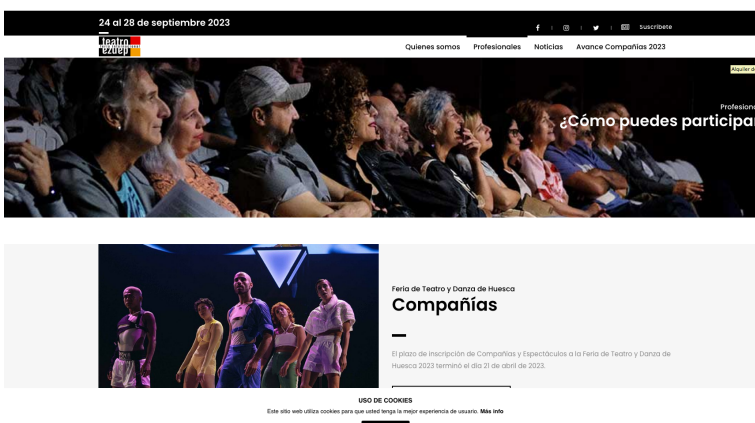

Finca Beulas

The accommodation will take place in the artistic residence of the painter Beulas, next to the city of Huesca, with large outdoor spaces. The house land of the painter Beulas, is a plot of 10,640 square meters and adjacent to the garden of the Art and Nature Center in Huesca (CDAN).

KEY PRINCIPLES

- _Implement non-formal education tools related to circus
- _Exchanging knowledge and values about, social circus, inclusion, dramaturgy
- _A cultural exchange with Fair of Huesca
- _Living artistically in a natural environment

FAIR OF HUESCA

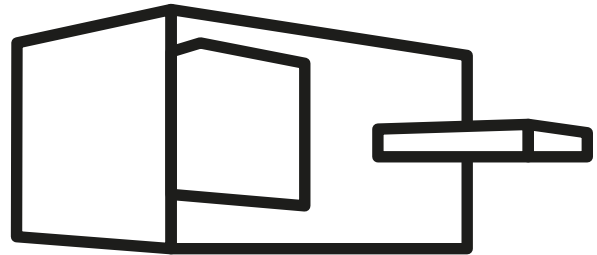

Our event overlaps in time with the Huesca performing arts fair, we actively collaborate by participating together. It will mean the possibility of attending several performances during the week and a round table with professionals from the sector, and the possibility of presenting the project to the sector, giving visibility and value to the circus.
